Markham Crane Training Schools

Markham Crane Training Schools - Our various Mobile Crane Operation programs are intended for experienced operators who requires re-certification or certification, and for inexperienced people who are looking for their very first work as an operator of a crane. Business demand for crane operators who are certified is high all over the country. Crane operator positions are in demand due to their high rates of pay. Operators of cranes are amongst the highest paid of whatever operator of heavy equipment.

Our Crane Training Schools include instruction and training for a wide variety of mobile cranes. Course content comprises Crane Set-up, Wire Rope, Lift Planning, Load Dynamics, Rigging, Signaling and Load Charts.

The Crane Training School program is best for riggers, supervisors and operators. Course materials include a manual and informative hand-outs. The safety guidebook that is illustrated consists of one hundred to two hundred fifty pages, which depends on the course, of helpful and vital material. Course materials comprise load exercises and load charts for the crane with which the trainee is working.

Hands-On Safety Training will take up more than half of the course curriculum. The practical training section is the most useful method to improving and developing personal skill levels. Just qualified journeyman crane instructors are chosen to teach the courses. Our instructors have many years of practice in the industry.

Optional testing mechanisms are provided for all of our courses. Students will normally write tests both before and after training. A test for skills is usually administered for programs that comprise H.O.S.T. Individuals training will be graded and tested.

Certification Training Programs: Fixed and Swing Cab Mobile Hydraulic Cranes; Lattice Boom/Crawler Cranes; Rigging / Signalperson Certification and Training; Articulated Boom / Knuckleboom Cranes; Certification & Testing; and In-The-Seat Training.
